Parent/Carer workshops: Multiplication tables check

Dear Parents/Carers,

The government have announced a statutory multiplication test that all Year 4 pupils must sit from June 2020. The aim of the multiplication check is to ensure children in primary school know their times tables up to 12 off by heart.

We will be running workshops on the following dates:

Year 3 workshop: Tuesday 22nd January at 9am
Year 4 workshop: Wednesday 23rd January at 9am

The aim of the workshop is to provide parents/carers with more information about this test, including how the test will be delivered and to share ideas on how best to support your child at home. The workshops will take place in your child's classroom, alongside your child and with their teacher.

We are asking that all current Year 3 and 4 parents/carers attend the meeting as, although the test is not mandatory until June 2020, the current Year 4 children will be participating in a practice test this year.

This is an important meeting about a new development in education that your child will experience. If, for any reason, you are not able to attend this meeting then please let your child's class teacher know so they can ensure you are informed about these changes.

Yours sincerely,

The Year 3 and Year 4 team
