

Maths Challenge Cards

The maths challenge cards are short activity ideas that can fit into your day and will help your child see maths as fun.

You can repeat each activity as many times as your child wants to. Feel free to change the ideas to suit your child's interests, what you have in your house and their current level of development. If your child wants to represent their thinking on paper let them do so in their own way. For example they might not want to write numbers, but they might want to draw to communicate their mathematical thinking.

We encourage you to share any ideas you have for maths challenges so that our collection of cards can grow and we can learn from one another.

Starting with a Story Reception

Evil Pea Teacher

The Evil Pea says he is the best teacher! He has spread lots of maths facts around the supermarket but they are not all correct.

Can you be like Supertato and find the right ones to teach the veggies the correct maths?

Starting with a Story Reception

Talking Together

Here are some correct and incorrect pea maths for you to help Supertato teach the veggies! Can you tell your grown up why they are wrong or why they are right?

A square has 4 sides.

A triangle has 2 sides.

6 is bigger than 8

2 peas and 4
peas is 6 altogether.

More!

He has
been evil...

2 peas and 2 peas
is 5 altogether.

The number 2 is
before the number 5

2 is the smallest
number.

5 peas and 5 peas
makes 10 altogether.

A Special Trophy for helping Supertatol
