

Journeys

Play activities for Week 3 beginning 20th April 2020

This half term we are learning about journeys. We are going to have to use our imagination a lot this term, but this week we are going to have some fun exploring different journeys around our home. You might want to watch the story 'Naughty Bus' on youtube for some more ideas.

Tuesday

Build a vehicle.

Use some junk modelling materials to make a vehicle that can go on a journey around your

home. You could make a:

- car
- train
- lorry
- bus

Wednesday

Create a road

Use items from around your home to make a road that your vehicle can travel on. Maybe the road could go around your bedroom or

into the kitchen. Add a hill or bridge if you can.

Thursday

Tour guide

Dress up as a tour guide. Take your family on a journey around your home.

Tell them about all the exciting things they can do in your home.

Practise what you are going to say before you begin.

Friday

Journey in the dark

Put a blindfold on and ask someone in your family to give you directions to get from one place to another.

Swap over. Can you give them instructions?

"Take one step forwards... turn

to the side...two steps backwards."
