

## The Isle of Coll

In geography this term we are going to be exploring a **contrasting locality**. This means a place that is different to where we live in London.

We are going to be learning about the **Isle of Coll**.

First of all, we would like you to answer this question; **What is an island?**

Next, read the PowerPoint labelled The Island of Coll and complete the research table below. Remember to record your research neatly (if handwriting) and carefully in boxes provided. A map of the UK has also been attached to support you with locating the island.

Where is this island?		<b>Where is this island?</b> (Circle on the map) 
<b>Population:</b> (How many people live there)		
How can you get to Coll?		
What is there on Coll?		
What other interesting facts about this island can you find?
