

We have put all the literacy activities for the whole week into one document for you to access. We hope this will make it easier for you to download the home learning. You will notice that there are still 4 separate literacy based activities for your child to complete throughout the week.

Activity 1

Nature ABC Book

Either use a notebook or fold several pieces of A4 paper in half, so you get 26 pages, plus a cover and a back page. Then begin your adventure outside by hunting for things that begin with each letter of the alphabet. Write the letter on 1 page and draw a picture of the object on the same page. You can even include a description of each item. Please make sure an adult is with you while you are outside! and you listen to them! 😊

Extension Activity:

Can you choose one thing from nature and write a short poem about it?

Caterpillar, caterpillar, crawl, crawl, crawl

Don't fall off the garden wall.

Caterpillar, caterpillar, eat, eat, eat
Grow so fat on your furry feet.

Caterpillar, caterpillar, rest, rest, rest
Soon you'll change to be the best.

Caterpillar, caterpillar, try, try, try
One day you'll be the best butterfly.

Activity 2

Walking Journal

We are now allowed to go outside more than once a day for exercise. Exercise is really good for us! It keeps our bodies healthy, it gives us more energy during the day and it also helps us to sleep better at night. Amy, Laurence, Meredith and Louise have all been making sure they go outside every day for a nice walk or run. We love it! This week's weather is going to be beautiful, so please try to enjoy the sunshine as much as you can. **Again, please make sure an adult is with you while you are outside and you listen to them!**

On your daily walk, take some paper with you and write down what you can see, hear, and smell. When you return home, record your thoughts in a nature journal.

1. Start by adding the date and time to the top of the page.
2. Write down the weather conditions outside.
3. Draw a quick picture or take a photo to record in your journal.
4. Use your senses to describe the setting. What do you see? What do you hear? What do you smell? What kind of taste do you have in your mouth?

You can use the pages provided or use any paper from home.

Remember to use capital letters, full stops and adjectives to make it more interesting.

Extension Activity: Choose one day and write an imaginative story about you taking a walk around your local area.

Some ideas to get you thinking: Did you meet any interesting animals? Did a thunderstorm start all of a sudden? Did you see any of your classmates or teachers?

Activity 3

Spelling, Punctuation and Grammar

Write a **question** about the picture.

a

Tick either past or present tense for this sentence.
