

Dear Flores Class,

How are all of you doing? Hope you and your family are healthy and safe at this unprecedented time. I am so excited to write to you all! I have been thinking about you all and missing the sound of your footsteps as you come into the classroom. I really miss the sound of you all playing in the playground. I am missing your smiley faces and your exciting giggles for the treasure box! I really miss not being with you all in school.

I went to visit school once and there were only few children - it was so quiet! A school is not a school without you children! I hope you will be back soon.

Since schools have been closed, I have made a timetable so we can have a daily routine. When me and my family wake up in the morning, we have breakfast first, then 5-a-day fitness exercise and then I help my child to complete their online learning. I have been quite busy spending time with my family and working from home. I have been writing your reports and planning your topic and science home learning activities. I have been wondering since the school has been closed what you have all been doing at home?

I hope you have been doing some online learning. It is very important that you complete the tasks we have put on the Ben Jonson website and you continue to read every day for at least twenty minutes. You can also spend some time practicing your high frequency words. Don't forget your 5-a-day fitness exercise too, which you can access online. Now that the weather is a lot warmer, perhaps you can take your toys out on the balcony or in the garden? You could even do some painting!

I am really missing you all and I am looking forward to the time when the school is open for everyone to come back. Until then, if you have pictures of you learning at home that you are happy to share you could ask you parents to send them to ict@benjonson.towerhamlets.sch.uk or if you would like to write a letter back to the class then you can e-mail it to admin@benjonson.towerhamlets.sch.uk . If you'd prefer, you could keep your letter and bring it in to share with us all once we are back at school.

Looking forward to seeing you soon!
