

FrogPlay – User Guide

1

FROGPLAY HOME (STUDENT ROOM)

When a student launches FrogPlay, they enter the Student Room. Clicking on the different items in the Student Room allows students to access different features.

Wallpaper

Click on the paintbrush to customise the wallpaper. 2. Choose a wallpaper colour. 3. The system automatically saves your selection.

Profile (Avatar)

Clicking on the Picture Frame on the desk takes students to the My Profile section. Students can create their avatar and 'shop' for new items with the credits earned through My Revision to customise their avatar here.

Assigned Quizzes (Homework)

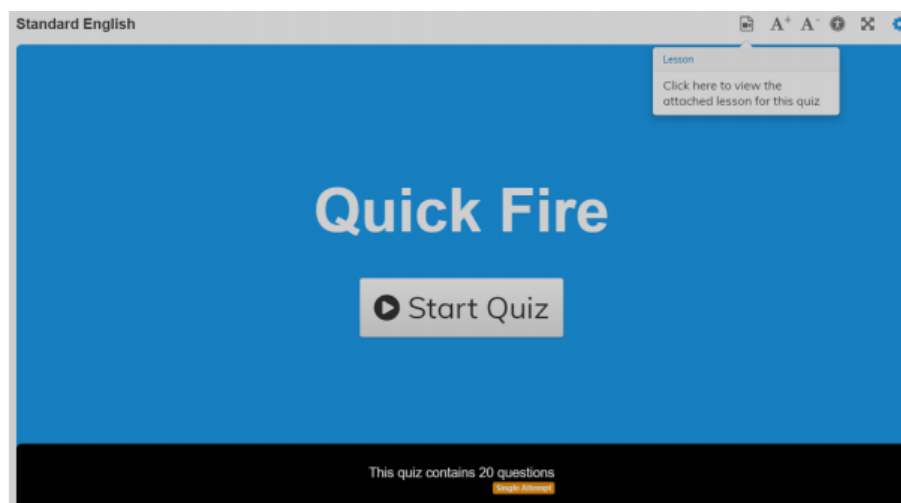

Clicking on the Calendar above the desk from your student homepage lets you access your Assignments that have been assigned by your teacher(s) in Frog.

1. Upon clicking the Calendar icon you will be brought to a list of your assignments that can be completed within FrogPlay.

2. In order to start the assignment select the assignment that you want to complete from the list which will then open the assignment. To get started click "Start Quiz" or alternatively you can click the "Watch Lesson" before starting the quiz. You can also choose one of the unlocked games.

3. Once you have completed the assignment click "Finish" and then "Hand In" if you are happy with your answers and you will be redirected back to the assignments screen which will show you your score.
